This matter comes before the Public Service Commission of South Carolina ("Commission") on the Application of Global Crossing Telecommunications, Inc. ("GCTI") and Global Crossing North American Networks, Inc. ("GC NAN") (jointly "Applicants") for a *pro forma* merger of GC NAN into its affiliate GCTI. This merger is scheduled to take place on September 30, 2010. Upon consummation of the proposed transaction, GC NAN will no longer exist and, accordingly, also requests cancellation of its certification effective as of the date of consummation of the merger. The Applicants

published notice of the requested merger in *The State* newspaper on April 9, 2010, but no parties intervened.

GC NAN was incorporated under the laws of the State of Delaware on September 23, 1982. Its principal office is located in New York. The company was certificated to provide interexchange long distance service in South Carolina in Docket 94-208-C, Order 94-595 (June 22, 1994). GC NAN is a wholly owned indirect subsidiary of Global Crossing Limited, a publicly traded Bermuda corporation with affiliates in the United States and several other countries providing telecommunications services. GC NAN does not provide retail telecommunications services.

GCTI was incorporated under the laws of the State of Michigan on April 5, 1989. Its principal office is located in New York. GCTI was originally authorized to provide resold long distance service in South Carolina in Docket 91-335-C, Order 91-753 (August 30, 1991). GCTI currently offers resold intrastate toll telecommunications services. GCTI, like GC NAN, is a wholly owned indirect subsidiary of Global Crossing Limited.

According to the Application, on September 30, 2010, GC NAN will be merged into GCTI. At that time, all of the assets of GC NAN will be transferred to GCTI, and GC NAN will cease to exist. As a result, GC NAN requests cancellation of its certification and tariff effective on the date of the merger. Additionally, GC NAN states that it does not provide retail service and therefore no customers will be affected as a result of this transaction.

We find that Global Crossing North American Networks, Inc., GC NAN, is due to be merged into Global Crossing Telecommunications, Inc., GCTI, on September 30, 2010, with GC NAN ceasing to exist. We also find that, since GC NAN does not provide retail service, no customers will be affected as a result of this transaction. It is therefore ordered that, to the extent necessary, this merger is approved. The certification and tariff of GC NAN shall be cancelled upon completion of the merger.

This Order shall remain in full force and effect until further order of the Commission.
